

Cargo On The Go — Health & Safety Policy

1. Policy Statement

Cargo On The Go (“we”, “our”, “us”) is committed to maintaining high standards of health and safety across all logistics operations. We aim to ensure that all employees, drivers, contractors, and customers operate in a safe and responsible manner at all times.

2. Legal Compliance

We comply with all relevant UK Health and Safety legislation, including the Health and Safety at Work Act 1974 and associated regulations. We are committed to providing safe working conditions, suitable equipment, and appropriate training where applicable.

3. Responsibilities

While Cargo On The Go takes reasonable measures to promote safe operations, all employees, drivers, and subcontractors have a duty to:

- Follow company health and safety procedures.
- Conduct themselves responsibly at all customer sites.
- Report hazards, near misses, or accidents immediately.
- Use any required personal protective equipment (PPE) when on duty or on-site.

4. Customer Sites and Third-Party Premises

When attending customer locations, drivers and contractors must comply with any on-site health and safety requirements imposed by the customer or site operator. Cargo On The Go is not responsible for health and safety risks arising from conditions at third-party premises.

5. Vehicles and Equipment

All vehicles operated by Cargo On The Go are maintained to a high safety standard. Drivers must perform regular vehicle checks before departure, ensuring brakes, tyres, and safety equipment are in working order. Any defects must be reported immediately and the vehicle taken out of service if unsafe.

6. Manual Handling

Drivers must assess the risks before attempting to lift or move heavy items. Manual handling should only be carried out using proper technique or mechanical aids where possible. Customers are responsible for ensuring safe access and sufficient manpower for heavy or awkward loads.

7. Incident Reporting

All incidents, accidents, or injuries must be reported to Cargo On The Go management as soon as practicable. Accurate reporting allows for investigation and corrective actions to prevent recurrence.

8. Continuous Improvement

Cargo On The Go is committed to continually improving its health and safety practices. We will periodically review this policy to ensure compliance with current laws and operational standards.

9. Contact Information
